

# Atlas 12 Case

**Flambeau** INC. is pleased to offer its **Atlas 12** carrying case, the first in a new family of cases engineered for demanding industrial, commercial, and military applications. The case is built with heavy wall, high-impact polypropylene material and is waterproof when submerged. The **Atlas 12** is designed to be ATA (Air Transport Association) compliant, featuring an automatic pressure relief valve; metal insert lock holes; an over-mold handle; and single-throw, over-center, hardened ABS latches. A tongue-and-groove, lid-to-base fit is incorporated into the design, with stacking and standing features and multiple decorating options for private labeling. The **Atlas 12** also accommodates stock and/or custom foam interiors with mounting positions for lid or base pallets.

The **Atlas 12** features include:

- Over-center latches
- Pressure relief valve
- Steel pin hinges
- Stackability feature
- 12" x 9" x 4.625" interior (30.48 x 22.86 x 11.7475 cm)
- ATA compliant
- High-impact polypropylene material composition
- Stock black color
- FOB: Columbus, Indiana
- MADE IN THE U.S.A.
