

## Command Center Chest

The 23" x 12-1/2" x 12" Command Center Chest is light-weight and durable with two built in handles on each end for flexibility and ease of transport. The sturdy cam-over latches secure contents inside and a lock hole is located in the front for extra security. The chest also features a removable tray to stay organized (tray measures 12" x 11-3/4" x 2"). Crush & water resistant, this chest is perfect for storing and protecting large medical equipment.

### Features:

- Sturdy Cam-Over Latches
- Crush & Water Resistant
- Light Weight For Easy Transport
- Locking Point For Extra Security
- Lift-Out Tray For More Storage
- Perfect To Store Large Medical Equipment
